BRITISH PUBLIC IS DEEPLY RESENTFUL

Government of Great Britain Sends Urgent Demand for Explanation From Russia of Attack on Hull Fishing Fleet.

LONDON, Oct. 25.—Great Britain to-day sent a [illegible] demand to the Russian government [illegible] the unwarrantable attack by the Russian second Pacific squadron during the night of October 21 on British fishing boats in the North sea.

The text of the note has not been given out but it is officially stated from the foreign office that it contains the significant statement that the attack is not to be considered as an act of war, but as one of the incidents which in the view of the government make it necessary that there should be a full explanation before any further steps are taken.

Meanwhile the preparations for the mobilization of the British fleet are proceeding rapidly. It is stated that the first division of the channel squadron will be ready to sail from Portsmouth tomorrow morning.

The admiralty has issued orders that the squadron shall not be delayed for the purpose of coaling, but that it shall proceed to the Downs, where it will be joined by the first division of the channel squadron.

The admiralty has also issued orders that the first class cruiser Sutlej, which is now undergoing repairs at Portsmouth, shall be ready for sea by Thursday morning

COMMITTEE SENDS LETTER TO TELLER COUNTY VOTERS

Circular Issued From Republican Headquarters Bearing on Conditions in the District. Urges Election of Peabody and Bell.

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—The following letter is in part the form of a circular that has been sent out by the Republican central committee, which is self-explanatory.

Cripple Creek, Colo., Oct. 24, 1904.

Dear Sir—For the first time in ten years the miners of the Cripple Creek district are free to work for whom they please without consent of any walking delegate. For a like period business men are free to conduct their own business in their own way without having to submit to the dictation of paid agitators of the Western Federation of Miners, else the operator is a free man for a like period to run his mine, and free to employ whom he pleases without the aid or consent of Mr. Moyer or Mr. Haywood.

For the first time in ten years the householder feels that his home is safe from the torch of the incendiary and the bomb of the dynamiter. For a similar period the people of the district feel a sense of peace, security, personal safety and protection. All of these result from the firm and manly stand of Governor James H. Peabody, ably assisted by Sheriff Bell, for law and order and the rights of the people. To insure the continuation of the present happy conditions vote the Republican ticket.

(Signed)

LEASING COMPANY OPERATING LEASE ON OLD GOLD MAN ORE THAT IS FABULOUSLY RICH—WIDE VEIN

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—Late this afternoon the Vindicator Mill Leasing company, operating under lease the Old Gold property on Gold Hill, opened up a body of ore which gives promise of being one of the richest in the district.

The ore was encountered at the first north of the shaft on the 400-foot level, and at a late hour tonight the breast of the ore stood in some of from six to eight feet in width, worth $5 to the ton, while a streak 18 inches wide on the side of the vein will go millers to the pound or thousands to the ton.

The new ore shoot is supposed to be the extension of the Henry Adney vein, and the leasing company is seeking the face grade as fast as possible, having eight men at work by midnight, all of which is kept in the mine under guard.

The leasing company expects to have the Old Gold property producing more ore in the course of two weeks than it ever did in its history before.

POPULISTS WANT NEVADA OFFICES

THOMAS H. TIBBLES, THE CANDIDATE FOR VICE PRESIDENT, EXPECTS TO ANNEX STATE OF NEVADA.

SPOKANE, Wash., Oct. 24.—Thomas H. Tibbles, People's party nominee for vice president, is in Spokane today. Discussing his party's chances he said:

"Our party is not making any effort to elect officers this year with one exception, Nevada. We will poll more votes than ever before. The highest Populist vote was 9,000, but I believe we can double that. I am hopeful of Nevada, and I feel that the result this year will be about two million."

The Populists will ignore the Socialist challenge for a debate between Mr. Tibbles and Ben Hanford, the Socialist candidate for vice president.

Throughout the tour of Ohio today, which began across the Ohio river from Wheeling and ended in the capital tonight the senator was accompanied by Governor Herrick, of Ohio, who also made several addresses. Between Wheeling and Columbus twelve stops were made.

Michigan will be traversed by Senator Fairbanks tomorrow.

DYNAMITE EXPLOSION WRECKS COAL OFFICE

PROPERTY OF THE VESUVIUS COAL COMPANY AT DANVILLE, WASH., DESTROYED SUPPOSEDLY BY DISCHARGED WORKMEN.

DANVILLE, Wash., Oct. 24.—The office of the Vesuvius Coal company has been wrecked by an explosion of dynamite. It was done undoubtedly by the foreman and a few other employes of the company had been dismissed for various reasons.

The workers in the mine have taken a part of the corporation's stock and some of those who were dismissed a few days ago were stockholders. Their action was small, but the dismissal from the company's service was received with more bitterness because of the fact that the men who were turned adrift owned some of the stock.

SCORES WERE AT RECEPTION

Anniversary Meeting of the Needlework Guild.

NOTABLE SOCIAL EVENT

AFFAIR ALSO CELEBRATED SILVER ANNIVERSARY OF THE PRESIDENT'S ARRIVAL IN CITY AS A BRIDE.

The annual reception of the Colorado Springs branch of the Needlework Guild of America was held in the parlors of the First Presbyterian church yesterday afternoon from 2 to 5 o'clock.

Although the weather was unseasonably raw and threatening, there were a large number present, abundant evidence that the work of the organization was never in so prosperous condition.

All around the north and east sides of the rooms were tables heaped with bundles of nice warm new garments that every Saturday contributed, must be sent ready for distribution this morning. Already there have been 1,500 garments collected and more others will be added from parties who are either absent from the city just now, or unavoidably prevented from getting in their promised contributions. The largest individual collection, 600 garments, was made by Mrs. M. Hall.

President Five Years.

Mrs. William L. Riddle, who has been president for five years, and previously first vice president when the guild was founded seven years ago, in a happily worded, informal address gave some very interesting facts in regard to the guild work. She told about attending the annual meeting of the National organization the first of last April, in Philadelphia, of which she is a director.

After the morning session, the 118 branch presidents who were in attendance were entertained in one of the fine old homes of the "City of Brotherly Love"—the Harting residence, whose furnishings, table service, etc., dated back to colonial days. The directors from South Carolina and Colorado, having come from the greatest distance, were the especial guests of honor. At the close of the afternoon session hundreds of Philadelphia ladies attended the reception given by the local guild. During the meeting Mrs. Riddle was particularly requested to give an account of the guild work in Colorado Springs on account of the excellent reports that has been received by the national organization.

Thousand New Garments.

In addition to the reports of last year's work, Mrs. Riddle stated that over 1,000 new garments, $1 worth of groceries, 368 glasses of jelly, 8 quarts of preserves, also hundreds of partly worn, serviceable garments, had been distributed by the guild.

At the intervals during the afternoon the following musical numbers were rendered delightfully: Mrs. John Speed Tucker sang, "When Celia Sings," Frank Mohr "Daffodils Are Here," Landon Daniels, accompanied by Mrs. W. S. Glover.

Mrs. Slaughter's violin selections were, "Cradling," Dorabji; "Dance Rustique," Borowski. Mrs. Frederick A. Fouse at the piano.

Miss Lydia Goodrich sang the solo "From Arabian Towers" opera, "Mignon," "Dost Thou Know That Sweet Land," and "Were My Song With Wings Provided," Reinecke's Habet Mr. Frank S. Modre, accompanist.

When the reception guests were about to depart, Mrs. Riddle thanked those present for so beautifully celebrating the twenty-fifth anniversary of her arrival in Colorado Springs as a bride, a fact until then unknown to any one except some of Mrs. Riddle's intimate friends. Two days later Friday the 21st, anniversary of her marriage she has been the recipient of affectionate congratulations and substantial tokens of regard from those most intimately associated with her in a social or philanthropic way.

Pink roses adorned the piano and mantelpiece, roses and asparagus vines decked the tea table, which was most artistically laid. Mrs. Charles M. Williams and Mrs. Theodore F. De-Witt served the first, Mrs. William W. Williamson and Mrs. Benjamin F. Lowell the second and Mrs. Allen T. Gunnell and Mrs. James F. Burns the third hour.

Those Assisting.

Assisting were Miss Sarah Dorsey, Mrs. John R. Robinson, Mrs. Philo C. Hildreth, Mrs. W. A. Anderson, Mrs. Amos D. Craigue, Mrs. William N. Raby, Mrs. Edward W. Kent and others.

Among others present were Mrs. [illegible] Mrs. James H. Bicknell, Mrs. Matthew Kennedy, Mrs. J. F. Peebles, Mrs. W. A. McKeehan, Mrs. John G. Shields, Mrs. J. Addison Hayes, Mrs. E. T. Postlethwaite, Miss Francis H. Wheeler, Mrs. I. A. Morrison, Mrs. A. L. Emerson, Mrs. Harry Lee of New York city, Mrs. William Clark of Denver, Mrs. Charles S. Sprague, Dr. Josephine L. Peavey, Mrs. A. Jay, Mrs. D. K. Heiser, Mrs. J. T. Miller, Mrs. Frank A. Bunch, Mrs. J. R. Bishop, Mrs. Ellen C. Baker, Mrs. Arthur G. Sharp, Mrs. Charles F. Slough, Mrs. George Cady Goodman, Mrs. William Barber, Mrs. Edward P. Matthews, Mrs. Ida M. Hamilton, Mrs. H. A. Knowles, Mrs. Williamson, Mrs. J. K. Miller, Mrs. W. F. Martin, Mrs. Miriam Hall, Mrs. Mary J. Fly, Mrs. L. C. Dana, Mrs. L. H. Gwedyn, Mrs. Louis C. Eldredge, Mrs. [illegible] Mrs. D. Kennedy, Mrs. C. M. Ayre, Mrs. Alfred Eaves, Mrs. T. A. Campbell, Mrs. Thomas J. Black, Mrs. Xavier P. Herron, Mrs. Francis Odell, Mrs. J. F. Humphrey, Mrs. J. D. Hollingshead, Mrs. Winfield S. Tarbell, Mrs. Walter C. Frost, Mrs. George Houston, Mrs. C. mad. The pulse usually is higher in higher altitudes.

Of Practical Value.

These experiments are being made from both a scientific and a practical standpoint. They are expected to furnish data to show the effect of altitude on the blood pressure on healthy persons.

Ultimately it is hoped that these experiments will lead to knowledge as to its effect on hysteria as well, and probably to show certain classes of invalids who can and others who cannot be benefited by high altitudes.

These experiments were started by Dr. C. F. Gardiner and Dr. H. W. Hoagland last year, but the results were unsatisfactory. This year a change was made in the people to be tested, and 50 youths in good health and ranging from 17 to 22 years, were selected from the biological classes of Colorado college. This gives a greater uniformity in the tests and makes it easier to [illegible] Dr. E. [illegible] professor of biology at the college, and Drs. F. L. Dennis and D. J. Scully have been assisting in the work this year.

Work at College.

Tests have previously been made on the students under normal conditions in the laboratories at Palmer hall. Other tests will be made tomorrow afternoon at 3 o'clock. Comparisons will be made with these results and those taken on Pike's Peak. Dr. Schneider, is planning to obtain throughout the year, tests on all the students in the college. Young people of about this age and general good health are considered to make a fair estimate in general of healthy persons, and by taking tests of them the doctors expect to obtain at least a partial standard for the pressure of blood at the altitude of 6,000 feet above sea level.

The students in yesterday's party were: Arthur B. Hanson, J. C. Himebaugh, William G. Johnston, Bert Wesley, Fred Willett, Leo Bertrey, Maurice C. Hall, Elton Hunt, C. A. Hedblom, M. S. Anderson, Warren Currier, Allison French, William Leonard, Albert A. Dennis, Wilson Smillie, Lincoln Smillie, G. C. Lake, Clarence W. Lich, Vernon Brigham and Alva W. Henderson. Graham Lamb and Chas. Russell were also in the party but missed the train and made the ascent on foot. Tests were also made on H. H. Robinson, who has been at the Summit house all summer and on Sam Hagins, who has been there the last two months. Drs. Hoagland, Dennis and Schneider, assisted by L. C. Himebaugh, made the tests.

Idea Is European.

These experiments being made here by the local doctors are among the very few that have been made in the United States. A number of tests have been made in Europe, but of different nationalities and under different conditions than in the United States. This region is one of those best suited to such experiments as it is one of the very few places on the globe where people can reach the top of a peak without exercise and have tests performed on them at the altitude of 14,000 feet.

Springs." The address was the feature of the Ministers' meeting.

[illegible] discusses the question of delinquents into three classes, the ignorantly neglected, the unavoidably neglected and the needlessly neglected. He said that the first class was found mostly among foreigners, and that there were very few cases in this city.

The second class are more numerous in Colorado Springs, said Mr. Reasoner, the cases usually occurring among the poorer class of people, where the parents give to spend all their time in providing sustenance or have to work for their children.

The divorce system is also a great factor in the unavoidably neglected, mothers being left to support their children and therefore having no time to watch their development.

The largest class, Mr. Reasoner explained, was the third. People of wealth and culture allow their children to attend the theaters, parks and hand concerts unchaperoned and without suitable company. Mr. Reasoner maintained that these mothers spend so much time with gun and clubs, and that they can not give their children proper attention. Mr. Reasoner gave several instances which he said had come under his supervision to illustrate this point.

Political Comment

IS GRANDPA DAVIS NEAR?

There is some ill-concealed feeling among Democrats over the message he has not "encouraged" the campaign committee as much as was expected. But it should be remembered that Mr. Davis made his fortune by careful business prudence. He has reached the age when he cannot hope to "break even again" if he should "go broke." It is but natural that a man in his position and of his habits should look pretty thoroughly into an investment before accepting.—Kansas City Star.

UNION LABOR FOR ROOSEVELT.

The Union Labor Protection league of the United States ... as ... described in its purposes and its politics by its title. It favors a Republican organization, but it studies the interests of labor and finds in protection such advantages for wage earners that the league declines in this campaign to tie the party that is protectionist in sentiment rather than to the party that denounces protection as robbery.

There is nothing left of the Democratic party except the race issue, and organized labor can never stand for a system that reduces a working race to a state of industrial slavery even if it escapes the name of slavery.—Buffalo News.

A CHANCE FOR TAGGART.

A New York business man has placed $10,000 with a Wall street broker for even bets that Roosevelt will carry New York. According to the Herald Democrats have taken the Parker end of the wagers to the amount of $100,000. Here is a fine chance for Tom Taggart to show how sincerely he believes his own prediction that Parker will have a substantial majority in the Empire state.—Washington Union.

FOREIGN TRADE.

Just why the Democrats and free traders object to our manufacturers building up a foreign trade is a hard to guess, unless they object to the American being constantly employed and well paid. They will hardly win votes for their cause on this issue.—Oswego Times.

FREE TRADE PREDICTED.

If the Democrats elect a majority of the next house, Mr. Williams will be the speaker, and as such will frame the ways and means committee of that body. Will not that mean a free trade committee, headed by a man of the W. L. Wilson school, and a tariff bill fashioned after the one Mr. Wilson prepared and sent to the senate ten years ago? The supposition seems reasonable in the circumstances.—Washington Star.

MORE DEMOCRATIC THAN JEFFERSON

"Taft" is a genuine tribute to Roosevelt's commanding. It proclaims his sincerity, his popularity with all elements ... In the broad sense of the term President Roosevelt is more of a Democrat than Jefferson, the founder of the Democratic party. He was the first ... which made Jackson invincible. This is especially true in the great states of the Mississippi valley and the Pacific coast. The explanation of ... is the people's recognition of his hatred of shams, his devotion to the principle of equal and exact justice to all ... The popular affection which it voices promises to give President Roosevelt a majority on November 8 which will be memorable for its magnitude.—Leslie's Weekly.

IGNORANCE PERSONIFIED

...

Young women may avoid ... sickness and ... says Miss ... Hall, if they will only ... ve faith in the use of Lydia E. Pinkham's Vegetable Compound.

Judging from the letters she is receiving from so many young girls, Mrs. Pinkham believes that our girls are often pushed altogether too near the brink of their endurance nowadays in our public schools and academies.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honors, often physical collapse follows, and it takes years to recover the lost stability—often it is never recovered. Miss Hall says:—

"Dear Mrs. Pinkham:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run-down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—Miss Alma Hall, Holly, Mich.—[publication ... forbid]

WHY THE JAPS ARE STRONG.

They Are Great Believers in Good Qualities of Water—Live Mostly on Rice.

The Japanese are allowed to be among the very strongest people on earth. They are strong mentally and physically, and yet practically they eat no meat at all. The diet which enables them to undergo such daily trainings and such well balanced and keen mentality consists almost entirely of rice, steamed or boiled, while the noted vegetable is the Spartan-like fish, eggs, vegetables and fruit. The Japanese drink the weak tea, without cream or milk, and pure water, alcoholic stimulants being but rarely indulged in. Water is imbibed to which we should scarcely give a digestive quantities—to an astonishing extent, the drinking of so much water would be regarded as madness. The average Japanese individual swallows about a gallon daily in divided doses.

The Japanese recognize the beneficial effect of flushing the system through the medium of the kidneys and they ... to an extent unheard of in Europe or America.

Another and perhaps this is the ... in which the Japanese lay the greatest stress is that good, natural, healthful ... of ... is greatly ... for the acquisition of strength, and this method is sedulously practiced until it becomes part of their nature.—Medical Record.

WENT BACK THIRTY YEARS WHEN CHURCH WAS FOUNDED

Congregationalists Spend Reminiscent Evening. Celebrate Anniversary With Parish Dinner---An Interesting Occasion.

REV. JAS. B. GREGG
Who has been pastor of the First Congregational church twenty-two years.

The eighth anniversary of the founding of the First Congregational church of Colorado Springs was celebrated most fittingly last evening. The event also commemorated a pastorate of more than 22 years by the Rev. James B. Gregg, D. D.

At 6:30 o'clock a fine dinner was served and afterward those present adjourned to the church, where addresses were made.

A Charter Member.

Mrs. F. L. Pogue, one of the charter members, gave some delightful reminiscences on "The Church and Social Life in Early Days," and Mrs. Edgar T. Ensign, who has been treasurer of the Women's union ever since the church was founded, was presented with a token of appreciation in the shape of a fine of Fire Asgaichs' Angels, handsomely framed.

Prof. J. H. Kerr read an interesting paper on "Days When Colorado College Was Not in Faster." Greetings From the Oldest of Our Sisterhood of Churches" were read by Rev. Benjamin Brewster.

From a Presbyterian.

Rev. Edgar W. Work, D. D., was the first speaker on the program, subject, "Presbyterianism and Congregationalism." As he was ill and unable to attend, Dr. Gregg read a letter prepared by Mr. Work.

Rev. T. I. Cooke, the successor of Dr. Gregg as pastor of the church from 1876 to 1881, was unexpectedly in the city, and added to the occasion by making an apropos address.

The last speaker was Dr. Gregg, on "The Past, the Present and the Future of Christ."

Notre Dame vs. Penn.

The record included the following facts: Since the church was founded the entire membership has been 1,215; number added to the church under Dr. Gregg's pastorate, 919; the current expenses of the church during 22 years, $110,000; amount of benevolences, approximately, $55,000; present asset in site and building, $75,000.

Tables were spread for the dinner in the basement of the parish house. Late autumn flowers, Hallowe'en rose berries and ferns were used in decorating and a very appetizing menu was daintily served by a large corps of ladies.

Among those seated at tables were Mr. and Mrs. Thomas Cooke, Rev. and Mrs. T. Cross, Rev. Benjamin Brewster, Mr. and Mrs. Augustus R. Brigham, Miss Ely, Dr. and Mrs. Faust, Miss Aida Fairbourn, Mr. Willis R. Armstrong, Miss Nettie M. Carey, Miss Ruth Parsons, Mrs. L. A. Pease, Mrs. D. C. Pitman, Mrs. A. S. IMPORTANT DEVELOPMENTS IN THE OPHELIA TUNNEL

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—That important developments are rapidly approaching in the work of the Ophelia tunnel there is no doubt and every one connected with the company and outside mining men will watch the progress of the big bore with considerable interest.

This morning three shifts of miners went out to work on it as understood that one [illegible] feet of drifting. The breast of the tunnel is now in the territory of the Gould company and it is understood that a crosscut will be driven over the ground where one shift of men is now at work. The big bore will next enter Mountain Boy ground where it will open up several of the Ida May and Joe Dandy veins. On this property the tunnel runs at an angle cutting the vein for a distance of over 400 feet, and giving a depth to the Mountain Boy company of 1,056 feet below the collar of the shaft.

The next territory that will be opened up will be the Maria, and from there it will reach the Twin Sisters then comes the Signal property, cutting the latter property at a depth of 1,200 feet from surface.

From there it travels into territory that has been developed at shallow depths and there is no doubt that large ore bodies will be opened up by the pushing of this great enterprise.

NEW OPERATIONS ON THE MAGNOLIA

WILL START SYSTEMATIC DEVELOPMENT AND RING ON VEIN FOUND AT 300 FOOT POINT BY OTHER PARTIES.

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—The Magnolia property, which adjoins the Independence on the south, while it is at the present point not a shipper, is believed that additional depth a good ore body will be opened up, and it is the opinion of many men in the camp that it will be a shipper.

A crosscut from the present shaft will probably be run so that it is in the territory where the Goldfield ore lights of recent operations there is little question that ore will be found.

The Magnolia property is located between the Independence and the Cresson mines.

WILL SOON MARKET ORE FROM MIDWAY PROPERTY

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—Lessees operating on the Midway property on Bull hill have reached ore time and are now making preparations to make regular shipments. The ore body encountered at a depth of 225 feet which carries values of from one and one-half to two ounces to the ton and while the mineral is narrow it is very encouraging.

However, before it was worked out, an ore body was begun in a crosscut running to the adjoining territory and that matter is still pending in the courts.

LESSEES ON THE ZOE SENDING OUT SHIPMENTS

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—Lessees Nichols and associates operating the Zoe property located on the east slope of Beacon hill are sending out regular shipments that return very satisfactory returns.

The ore is being broken about 6 feet southwest from the 50 foot level at the present time, being close to the Isabel mine. The mines have proven up the ore in the bottom of over 50 feet which guarantees them shipments for some time to come.

OCCASIONAL SHIPMENTS FROM SUNSHINE CLAIM

Special to the Gazette.

CRIPPLE CREEK, Oct. 24.—The Fort Pitt company operating on the Sunshine claim on Galena hill is sending out occasional shipments of a good grade of ore.

At the present time the company is employing two shifts of men, where they are both sinking on ore also continuing the sinking of the shaft. The ore shoot is measuring from one and one-half to three feet of solid and all returning a smelting grade.
